CONTENTS

FEATURES

A quest in Bugun Liocichla Country

Sighting the rare and elusive
Bugun Liocichla is extra-special
for bird enthusiasts. Her quest
completed, **Beena Menon**
awaits the next trip to retrace her
footsteps on the stony paths of
Eaglenest country!

Judas and Mata Hari of the Animal World

Invasives have been a bane for
the indigenous flora and fauna
of any region, but hopefully
not for long. The Judas-Mata
Hari technique appears to be a
solution to tackle this problem.
Asad R. Rahmani shares his
insights.

Into the Lives of Frogs

Come monsoon and the sound
of croaking frogs reverberates in
the forest. But not many share
the interest of **Priya Warekar**
when it comes to these beautiful
amphibians. You may possibly
change your mind about these
'creepy crawlies' after reading her
viewpoint.
